Github: github.com/HarshAgarwal895613

Email: ha895613@gmail.com

Mobile: +91 9602219403

Skills

Languages:	C++, Python, C, JavaScript (ES6+), SQL
Tools/Platforms:	Git, GitHub, VS Code, IoT Sensors, Microcontroller Interfacing, Environmental Telemetry
Web Development:	HTML5, CSS3, React.js, RESTful APIs, Modern UI/UX
Soft Skills:	Problem-Solving (50+ LeetCode solved), Team Collaboration, Leadership, Critical Thinking, Communication

Projects

AI-Based Smart Humidifier System GITHUB	May' 26
- Developed an automated smart humidifier system for dynamic ambient climate regulation. - Integrated IoT sensors and climate telemetry to monitor ambient conditions and support dynamic environmental regulation. - Applied Python, Embedded C++, AI algorithms, and IoT sensing for automated humidification control.	
Tech Stack: Python, Embedded C++, AI Algorithms, IoT Sensors, Climate Telemetry	

Training

Computer Programming (150 Hours Intensive) iamneo / neoColab & LPU Certificate	May' 26
- Completed 150 hours of intensive hands-on programming training with iamneo focusing on core Data Structures and Algorithms. - Solved diverse algorithmic challenges to strengthen computational logic and program execution efficiency.	

Certificates

Community Development Project (CDP) Times Foundation & LPU	Aug' 26
Computer Programming (150 Hours Intensive) iamneo / neoColab & LPU	May' 26
Learning Full Stack React Infosys Springboard	Feb' 26
CS105: Introduction to Python Saylor Academy	Feb' 26
Effective Time Management Tech Veda	Oct' 25

Education

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug' 25 – Present
Computer Science and Engineering; CGPA: 9.24	
Lord's International School	Rajasthan, Churu
Senior Secondary Education (Class XII); Percentage: 76.6%	Mar' 22 – May' 23
Lord's International School	Rajasthan, Churu
Secondary Education (Class X); Percentage: 70.0%	Mar' 20 – May' 21

Achievements & Activities

- Qualified for JEE Advanced following a dedicated 2-year competitive preparation.
- Achieved and maintained top academic standing with a 9.24 CGPA in B.Tech CSE (AI/ML).
- Solved 50+ algorithmic challenges in Data Structures & Algorithms (DSA) on LeetCode in C++ and Python.
